

These Regulations, having been promulgated by the Director of the Alcoholic Beverage Control Division and adopted by the Alcoholic Beverage Control Board, shall be in full force and effect until they are amended or repealed pursuant to law. All previous Regulations adopted and published by the Arkansas Alcoholic Beverage Control Board are hereby superseded and repealed insofar as they may be different from or in conflict with the Regulations herein.

It is intended by the Board that these Regulations are severable and that if any of these Regulations, or any parts thereof, shall be declared invalid, all other unaffected Regulations, or parts thereof, shall remain in full force and effect.

An unofficial map, designating the wet and dry areas in the State of Arkansas through the results of the General Election of November 2, 2004, is contained on the following page. Additionally, at the back of the book, we have included the fine schedules, as provided for by law, for violations of the Regulations contained herein.

UNOFFICIAL LOCAL OPTION ELECTION STATUS

□ = Dry

■ = Wet

The above map represents the unofficial "wet-dry" status of the counties in Arkansas. In a wet county, the retail sale and manufacture of alcoholic beverages is legal. In dry counties, only a private club permit may be issued. Most of the wet counties have dry areas within their borders such as townships or cities. These counties are designated on the map above by the county name being underlined; the respective dry areas in those counties are listed on the following page. Local option elections may be held during November General Elections pursuant to petition. Second and third level elections involving the public sale of liquor by the glass are not shown on this map. The official local option status of an area may be determined by reviewing records at a local County Clerk's office.

Failure to maintain this duty of care shall be a violation of the Act and shall constitute grounds for the application of the full range of administrative sanctions and penalties against the subject permit.

Any inquiry made under the provisions of this Regulation, or Act 695 of 1989, shall be whether or not the outlet, as operated, promotes the public convenience and advantage or whether the continuation of the operation of the outlet would promote the public interest and whether or not the outlet's operation endangers the public health, welfare or safety in the area of a community in which it is located. It is specifically provided that during any hearing called under the provisions of this Regulation or the aforementioned Act the permitted outlet may be viewed as if it were a new application and all factors involved in the processing of the application may be re-determined as if the application was being made for the first time.

As to all violations occurring inside the permitted premises, the standard of proof shall be by substantial evidence. As to all violations occurring outside the permitted premises, the standard of proof shall be by clear and convincing evidence.

In addition to all factors which may be used on an initial application, inquiry may be made upon the control, or lack thereof, that the permittee exercises over parking lots and other areas adjacent to the permitted outlet which are under the direct control of the permittee. Section 1.80 Acts of Servants, Agents or Employees Imputed to Permittee.

All acts of any servant, agent or employee of the permittee shall be imputed to the permittee and deemed to be an act of the permittee if done within the scope of such servant, agent or employee's scope of authority under the permittee.

Section 1.81 Suspension of Permit When No Business Conducted for a Period of Thirty Days; Inactive Status of Permits.

In the event a permittee does not conduct business under any permit issued for a period of thirty (30) days, the permit shall be surrendered to the Director and shall be placed on inactive status. Inactive status shall commence at the end of thirty (30) days after close of business, regardless of whether the permit is surrendered to the Director. In any event, for purposes of this Regulation, a business that has been closed for a period of thirty (30) days shall be deemed to be on inactive status. The permit may remain inactive for six (6) months or until the permittee notifies the Director that he is ready to resume business, whichever is shorter, subject to the permittee's petition to the Alcoholic Beverage Control Board for an extension of inactive status provided for in this Regulation. "Ready to resume business" includes the resumption of business at the permitted location or the filing of an acceptable application with the agency to transfer the location of the permitted business. If said application to transfer the location of the permitted business is granted conditional, the conditions must be met within twelve (12) months from the final agency decision granting the transfer application or the application will be cancelled. In order to extend the twelve (12) month conditional period, written approval must be obtained from the Director or Board before the expiration of the twelve (12) month period.

Upon any such cancellation, the inactive status of the permit will be calculated from the time the final agency decision granting the transfer of location was rendered. To secure the return of the permit, the permittee shall file with the Director a written statement showing that all taxes and fees owing to the State have been paid, the reason for the suspension of business activities and the date business activity will resume.

The permittee may petition the Alcoholic Beverage Control Board for an extension of inactive status for an additional six (6) month period. The Board may grant an initial extension upon a showing by the permittee and a finding by the Board that business circumstances exist to justify an extension, that the delay to return to business was not due to mere deferral or inattention on the part of the permittee, and that the inactive status should be extended. The permittee may appeal to the Alcoholic Beverage Control Board for a second extension of inactive status for an additional six (6) month period, but only upon a showing by the permittee and a finding by the Board that emergency circumstances exist to justify a final extension. Emergency circumstances are those delays in return to business which are beyond the control, planning, or foresight of the permittee, including, but not limited to, delays due to natural disasters, pending court actions, building construction problems, and contested

insurance claims.

Any permit remaining on inactive status for a period of more than eighteen (18) months or which has not been granted an extension under the provision of this Regulation shall expire pursuant to written notice given to permit holders by this agency or to the provisions of ACA § 3-4-201 as they apply. Any permitted outlet which has been on inactive status in excess of six (6) months shall be re-inspected by the Alcoholic Beverage Control Enforcement Division to determine if the outlet is in compliance with required health and safety regulations before the permit(s) may be returned to active status. As part of the re-inspection process, the Alcoholic Beverage Control Enforcement Division shall give notice of the request to return to active status to the law enforcement officer who has primary jurisdiction over the site of the permitted outlet. (Amended 8-20-03)

Section 1.82 Notice of Suspension to be Posted on Premises. Whenever any permit shall be suspended by the Director, Board or any court, a notice thereof in a form prescribed by the Director shall be posted in a conspicuous place in the front entrance to the premises during the period of time for which such permit is suspended. No permittee shall remove or knowingly allow any other person to remove a notice so posted during the period when the permit is suspended.

Section 1.83 Procedure Governing Cancellation, Suspension or Revocation of Permit. The cancellation, suspension or revocation of any permit issued pursuant to any alcoholic beverage control law of the State of Arkansas shall be in accordance with the procedure established under Subtitle D of this Title.

Section 1.84 Employees in Permitted Outlets to Sign “Server Awareness Form”. Every employee in a permitted outlet (excepting kitchen and janitorial personnel), upon commencement of such employment, and every permittee, shall acknowledge by signature that he or she has read and understands the content of a form entitled “Server Awareness Form”; such form being provided by the Director and setting forth pertinent Regulations and laws governing the sale and service of alcoholic beverages and other related information as determined appropriate by the Director. The initial form shall be provided to the permitted outlet by the Agency, and thereafter the permittee shall duplicate and provide forms to employees. The form signed by the employees and the permittee shall be maintained in the personnel records in possession of the permittee. If the original forms are not on the permitted premises, copies of the forms must be available on the permitted premises for inspection by Alcoholic Beverage Control Enforcement agents or other law enforcement officers. (Amended 8-18-99)

Section 1.85 Warning Notice Regarding Sale to Minors to be Posted in Permitted Outlet. A warning notice that includes the provisions of ACA § 3-2-202(a) and (b), knowingly furnishing or knowingly selling alcoholic beverages to a minor, shall be posted in a conspicuous place in every establishment that sells or dispenses alcoholic beverages. The size of the notice shall not be less than eight and one-half inches by eleven inches (8½” x 11”). The lettering on the notice shall be clearly legible. (Adopted 7-19-95)

Section 2.13.1 *Three-Tier System of Alcohol Distribution Defined; Violations of Prohibitions Subject to Penalty.*

- (1) This Regulation is intended to more clearly delineate the structure of the three-tier system of alcohol distribution established by Arkansas state code provisions and to prohibit ownership and employment interests between the three tiers. Regulation in this area is considered necessary and appropriate for the following reasons:
 - A. The State of Arkansas has long recognized and adhered to the three-tier system of alcohol distribution as evidenced by state laws establishing the types of permits authorized and the many Alcoholic Beverage Control Regulations currently in effect implementing those laws;
 - B. A clear delineation of the three-tier system that is in place will foster the understanding of the system by those people holding alcoholic beverage sales permits and those seeking to obtain permits;
 - C. Such regulation will give the State of Arkansas greater control of all facets of alcohol distribution and will enhance

the State's ability to more effectively administer those code provisions and Regulations that are currently in effect;

- D. Such regulation will decrease the likelihood of one tier of distribution owning, gaining control over, and/or dictating distribution, brand availability and pricing, or other marketing practices in any other tiers of the system;
- E. Such regulation will enhance and foster free and independent marketing of alcoholic beverages in the State and will help to maintain a wide selection of brands at reasonable prices available to the consuming public.

- (2) The three-tier system of alcohol distribution consists of the three broad categories of the marketing chain. Alcoholic beverage manufacturers, including distilleries, breweries, importers or rectifiers, whether or not they hold a permit issued by the Arkansas Alcoholic Beverage Control Division, are considered the first tier of the distribution system. Alcoholic beverage wholesalers, licensed by the State of Arkansas, are considered the second tier of distribution. Alcoholic beverage retailers, licensed by the State of Arkansas, are considered the third tier of distribution.

The following ownership and employment interest among the three tiers are prohibited:

- A. No person, firm or corporation owning any interest in any business involved in the first tier of distribution may own any interest in any business involved in the second or third tiers of distribution, regardless of degree of such interest. Further, no person, firm, or corporation being employed by or serving as an officer of any business involved in the first tier of distribution shall own any interest in nor be employed by any business involved in the second or third tiers of distribution;
- B. No person, firm or corporation owning any interest in any business involved in the second tier of distribution may own any interest in any business involved in the first or third tiers of distribution, regardless of degree of such interest. Further, no person, firm, or corporation being employed by or serving as an officer of any business involved in the second tier of distribution shall own any interest in nor be employed by any business involved in the first or third tiers of distribution;
- C. No person, firm or corporation owning any interest in any business involved in the third tier of distribution may own any interest in any business involved in the first or second

tiers of distribution, regardless of degree of such interest. Further, no person, firm or corporation, being employed by or serving as an officer of any business involved in the third tier of distribution shall own any interest in nor be employed by any business involved in the first or second tier of distribution;

- D. Notwithstanding the prohibitions contained in Subparagraphs B. and C. above, permit holders in the second and third tiers of distribution may hold stock in businesses involved in the first tier where that stock is traded on any national stock exchange, not to exceed one percent (1%) of the total outstanding shares of any one company;
- E. Nothing contained herein shall be construed to prohibit any manufacturer licensed pursuant to the provisions of ACA § 3-5-408 from maintaining or hereafter acquiring a wholesale wine permit or retail permit;
- F. In addition to any other sanctions or penalties which may be imposed by the Director pursuant to the procedures outlined in Title 3 of the Arkansas Code and Act 434 of 1907, as amended, violation of any provision of this Regulation shall also be considered a Class A permit violation, pursuant to the provisions of Act 790 of 1981, as codified in ACA § 3-4-401, et. seq. (Amended 8-19-93)

Section 2.14 Records to be Maintained by Manufacturer. All persons manufacturing controlled beverages must keep and maintain on the premises the following records:

- (1) A record showing the kind, quantity and date of the receipt of all materials brought upon the premises for use in the manufacture of controlled beverages; and
- (2) A record of all controlled beverages sold or otherwise disposed of, indicating the date of sale or other disposition, the name of the purchaser and the quantity of controlled beverages sold or otherwise disposed of.

Such records shall be preserved for a period of three (3) years from the relevant date of the record and shall be available on the premises at all times for reasonable inspection by authorized agents of the Division of Alcoholic Beverage Control.

All persons manufacturing controlled beverages for shipment into the State of Arkansas shall submit to the Department of Revenue such reports as may be required by the Commissioner of Revenues.

Section 2.15 Records to be Maintained by Wholesaler. Any person holding a permit to wholesale controlled beverages shall keep and maintain the following records:

- (1) A record of all controlled beverages received by the permittee, indicating the name of the manufacturer thereof, the date purchased, the number of packages and quantity of controlled beverages received, the trade name of the goods, the date received on the premises and the name of the transportation company making the delivery; and
- (2) A record of all sales or other dispositions of controlled beverages, indicating the name of the purchaser, the date of the sale and the number of packages and quantity of controlled beverages sold.

Such records shall be preserved for a period of three (3) years from the relevant date of the record and must be available at all times on the premises for inspection by duly authorized agents of the Division of Alcoholic Beverage Control.

All persons holding permits to sell controlled beverages at wholesale shall submit to the Department of Revenue such reports as may be required by the Commissioner of Revenues.

Section 2.16 Wholesalers to Register Brands of Controlled Beverages; Manufacturers and Wholesalers Not to Change Brands Without Approval of Director.

- (1) The purpose of this Regulation is to provide guidelines for the business relations between Arkansas wholesalers of alcoholic beverages and distillers, manufacturers, importers and producers of such alcoholic beverages. Regulation in this area is considered necessary and appropriate for the following reasons:
 - A. To prevent unfair business practices, discrimination and undue control of such wholesalers by distillers, manufacturers, importers and producers;
 - B. To maintain stability and healthy competition in the alcoholic beverage industry;
 - C. To promote and maintain a sound and stable system of distribution of alcoholic beverages; and
 - D. To promote the public health, safety and welfare.
- (2) Every manufacturer, importer or producer of spirituous and vinous beverages doing business in the State of Arkansas shall submit to the Alcoholic Beverage Control Division one (1) label for each brand of spirituous and vinous beverages to be shipped for

the first time by the shipper into or within the state and shall designate in the application for registration one (1) licensed liquor wholesaler in the state, who shall be the exclusive distributor of such brand or label within the state. Such designated wholesaler shall be initially approved by the Director and shall not be changed nor initially disapproved except for good cause, and the Director shall determine good cause after a hearing pursuant to the provisions set out in this Regulation. Any brands or labels previously registered in this state, and which have subsequently been withdrawn from distribution in this state, shall be treated in the same manner as the initial registration of brands or labels and are subject to the provisions hereof.

- (3) Any distiller, manufacturer, importer or producer desiring to change wholesalers with respect to any brand shall file with the Director a Wholesaler Change Request containing such of the following information as is applicable:
- A. The name of each brand involved;
 - B. The case volume in Arkansas for each brand for the current year or portion thereof and the two previous calendar years;
 - C. The name of the wholesaler currently distributing such brand;
 - D. The name of the proposed new wholesaler; and,
 - E. A detailed explanation of the specific business reasons for the request to change wholesalers. Business reasons which may be considered by the Director in determining good cause for authorizing a change of wholesalers will include:
 - 1. A wholesaler's bankruptcy or serious financial instability, including its consistent failure to pay its debts as they fall due or its failure to meet or maintain any objective standards of capitalization expressly agreed to between the wholesaler and the distiller, manufacturer, importer or producer; **provided**, such standards are determined by the Director to be commercially reasonable;
 - 2. A wholesaler's repeated violations of any provision of federal or state law or Regulation, whether or not such violations resulted in official action;
 - 3. A wholesaler's failure to maintain reasonable sales volume of the brand, taking into consideration such factors as the extent of the distiller's, manufacturer's, importer's or producer's advertising

and promotion of the particular brand, prevailing economic conditions affecting sales generally or the extent of the wholesaler's efforts, or lack thereof, to promote a particular brand; and,

4. Any other factors relevant to such proposed change and which aid the Director in determining good cause.
- (4) At the same time that the original Wholesaler Change Request is filed with the Director, a copy thereof shall be mailed by the distiller, manufacturer, importer or producer to each wholesaler who may be affected by the proposed changes. Immediately upon receipt of any Wholesaler Change Request, the Director shall notify the currently designated wholesaler of the request by certified mail. Within fifteen (15) days after receipt of such notice by the affected wholesaler any such wholesaler or party required to be given notice by this Regulation may interpose written objections thereto. Such written objections shall be filed in the office of the Alcoholic Beverage Control Division and copies thereof shall be served by the objecting party upon the party proposing the change and upon all wholesalers who may be affected by the proposed change.
- A. Upon the receipt of an objection from any party, or upon his own motion, the Director shall hold a hearing, after providing due notice to all parties concerned, for the purpose of determining the truth of any matters of fact alleged by any party and determining whether the proposed changes are based upon sufficient cause and are otherwise consistent with the policies set out in Subsection 1 above. If it is determined from the evidence deduced at said hearing that the brand or label involved is the same as, or similar to, or is such a modification of, substitution of, upgrade of or extension of a brand or label which has already been registered by the distiller, manufacturer, importer or producer, so as to render it unjust or inequitable (without cause being shown) to designate the brand or label to a wholesaler different from the wholesaler designated for the brand or label being so modified, substituted, upgraded or extended, then such request shall be denied; **provided**, however, that nothing herein shall be construed to prevent the distiller, manufacturer, importer or producer from treating the matter as a desire to change wholesalers, and from proceeding under the provisions of Subsection 3 above, either before or after such determination.
 - B. No proposed change will be approved by the Director which is based upon the failure or refusal of a wholesaler to

comply with any demand or request of a distiller, manufacturer, importer or producer where such demand or request would result in a violation of any provision of federal or state law or Regulation. During such fifteen (15) day objection period, or until the proposed changes have been finally approved by the Director, the party proposing the change shall continue to supply the designated wholesaler, upon commercially reasonable terms, such reasonable quantities of the brand involved as the wholesaler may require. If, at any time, the Director finds a distiller, manufacturer, importer or producer is not shipping the wholesaler a reasonable amount of merchandise, he may withdraw approval of all brands registered by such parties within the state.

- (5) Any hearing held by the Director pursuant to the provisions of Subsection 4 above shall be held within thirty (30) days after the receipt of any notice of objection to a Wholesaler Change Request. The findings of the Director made after such hearing shall be presented to the Alcoholic Beverage Control Board at its next regularly scheduled meeting. Any aggrieved party may appeal the decision of the Director to the full Board to be heard de novo and any such appeal hearing will be scheduled and held pursuant to hearing procedures established for the Alcoholic Beverage Control Division by state law and Alcoholic Beverage Control Regulations.
- (6) If no objection is filed to the Wholesaler Change Request as provided in Subsection 5 above, the proposed changes shall stand automatically approved by the Director at the expiration of such fifteen (15) day period, conditioned upon the manufacturer or importer repurchasing all inventory of the subject brand from the previously designated wholesaler at such wholesaler's laid-in cost.
- (7) Any distiller, manufacturer, importer or producer who obtains or acquires in any manner the right to sell, ship or distribute any label shall for the purpose of these Regulations stand in place of, and be subject to, all the rights, privileges, and duties and obligations of its predecessor or its predecessors from whom such brands or labels were obtained or acquired.
- (8) Every manufacturer or importer of beer or other malt products or light wine doing business in the State of Arkansas shall submit to the Alcoholic Beverage Control Division one (1) label for each brand of beer or malt product or light wine to be shipped for the first time into or within the state and shall designate with the application for registration any number of wholesalers in the state, each of whom shall be the exclusive distributor of such brand within the geographical territory assigned by the manufacturer or importer to such wholesaler. (Amended 7-24-87)

- (9) An unlawful dual distributorship is created when any manufacturer, importer, or other person attempts to designate as its distributor more than one (1) Arkansas liquor wholesaler in the state or wholesale beer permit holder to distribute the same brand of alcoholic beverage in the same geographic area (city, county, counties, state). Further, no person shall attempt to register any brand or label which is already distributed by a licensed wholesaler holding a brand registration authorization from the manufacturer or importer for a brand or label. The creation of such dual distributorships is prohibited. In addition to any remedies to any aggrieved party authorized by law, the Director may withdraw approval of any and all brands registered by any manufacturer or importer found to be in violation of this Regulation, such findings to be made after a hearing pursuant to hearing procedures established for the Alcoholic Beverage Control Division by state law and these Regulations.

For purposes of this Regulation, a “brand” is defined as the same product or substantially the same product, as evidenced by the product label that must be filed with the Alcoholic Beverage Control Division. Identical or substantially identical labels will be considered and treated as the same brand. (Amended 8-19-03)

- (10) The terms, conditions and requirements of this Regulation are hereby expressly made a part of the terms of and as conditions to the approval granted by the Arkansas Alcoholic Beverage Control Division to distillers, manufacturers, importers or producers to do business in the state and by the application for, the acceptance of, or the conduct of business under any such approval, a distiller, manufacturer, importer or producer consents and agrees to comply with the terms, conditions and requirements of this Regulation. This Regulation does not apply to manufacturers or wholesalers of small farm wine. (Amended 8-15-07)

Section 2.16.1 Provisions of the Preceding Section Applicable to Distribution Agreements for Beer and Light Wine in the Absence of Written Distribution Agreement. The provisions of Section 2.16 of these Regulations shall be applicable to distribution agreements entered into in this state by brewers, manufacturers, or importers, of beer and light wine, or their agents, in all cases where any distribution agreements between any such brewer, manufacturer, importer, or agent thereof and a licensed Arkansas beer wholesaler, as contemplated by ACA § 3-5-103, has not been reduced to a written agreement which includes the rights and remedies of the respective parties in the event of default or termination or modification of any agreement by such brewer, manufacturer, importer, or agent. - (1) Each container of liquor, wine or beer, as such beverages are defined by Arkansas code provisions and these Regulations, which is shipped by any distillery, winery, brewery or other manufacturer, supplier, broker, or any agent thereof, to any federal military reservation or enclave in Arkansas, which is intended to be sold or consumed on such reservation or enclave and which is not distributed through a licensed Arkansas wholesaler, shall contain and display an identification label which states that such alcoholic beverages shall be intended for consumption within such federal reservation or enclave exclusively. This mandatory label shall be in a size, configuration and contain wording as hereinafter specified. The distillery, winery, brewery, manufacturer, supplier or broker which ships or causes to be shipped such alcoholic beverages to any federal reservation or enclave within the state is responsible for ensuring that such alcoholic beverages are appropriately labeled as provided for herein. Each manufacturer or supplier will be responsible for providing their own identification labels as required by this Regulation;

- (2) The identification label required to be affixed to each container of alcoholic beverage, as set out above, shall meet the following requirements:

**SUBTITLE E – PROHIBITED CONDUCT AND ACTIVITIES;
CANCELLATION, SUSPENSION AND REVOCATION
OF PERMITS TO MANUFACTURE AND WHOLESALE
CONTROLLED BEVERAGES.**

Section 2.28 Grounds for Cancellation, Suspension or Revocation of Permit. Any permit issued pursuant to the authority of any alcoholic beverage control law of the State of Arkansas to manufacture or wholesale controlled beverages may be cancelled, revoked or suspended by the Director for any of the following reasons:

- (1) **Manufacturer or Wholesaler to Have No Interest in Retail Establishment.** That the manufacturer or wholesaler was interested directly or indirectly in any premises where controlled beverages are sold at retail, or in any business devoted wholly or partially to the sale of controlled beverages at retail, or by stock ownership, interlocking directors, mortgage or lien on any personal or real property in any premises where controlled beverages are sold at retail.

The term "interest" as used in ACA § 3-3-212 shall mean such a substantial ownership or financial interest, whether direct or indirect, in the business of any wholesale or retail licensee or in the premises on which said business is conducted as in the judgment of the Alcoholic Beverage Control Division may tend to influence such licensee to purchase beverages from such manufacturer to the exclusion or detriment of alcoholic beverages offered for sale by others. In determining whether an "interest" is prohibited by ACA § 3-3-212, the Division shall consider the following factors:

- A. Whether the retail licensee is owned directly by the manufacturer or whether the manufacturer and the retailer

are merely under common ownership of the same parent company. In the event a manufacturer and a retail licensee are commonly owned by the same company, the Alcoholic Beverage Control Division shall examine the degree to which the management and control of the manufacturing business and the retail business are separate and independent;

- B. Whether there is a bona fide business reason for owning the retail licensee other than solely to promote the sale of alcoholic beverages;
- C. Whether a significant portion of the revenues obtained by the manufacturer, or its parent company, as a result of the interest in a retail business, are derived from the sale of alcoholic beverages;
- D. Whether the retail licensee purchases alcoholic beverages from an independently owned unrelated wholesaler;
- E. Whether more than ten percent (10%) of the total gross annual revenues from the sale of alcoholic beverages by the retail licensee shall be derived from the sale of the alcoholic beverage products of the manufacturer or any entity affiliated with or related to the manufacturer;
- F. Any other factor which the Alcoholic Beverage Control Division deems relevant.

Whenever a manufacturer proposes to acquire any interest, to any degree, in a wholesale or retail outlet, such acquisition shall be reviewed by the Agency. Such review shall include whatever documentation the Agency deems necessary to fully define the degree of interest acquired by the manufacturer, in accordance with the above factors.

Upon a finding by the Director that no “prohibited interest”, as defined herein, exists in the proposed purchase, stock transfer, merger, or other means of acquiring an interest in a wholesale or retail licensee by a manufacturer, an order approving such acquisition will be entered; (Amended 12-15-89)

- (2) ***Manufacturer or Wholesaler Not to Make Loan to Retailer.*** That the manufacturer or wholesaler made any loan to any person holding a permit to sell controlled beverages at retail;
- (3) ***Exclusive Contracts Prohibited.*** That the manufacturer or wholesaler entered into a contract with any person holding a permit to sell controlled beverages at retail whereby such person agreed to confine his sales to the products manufactured by one manufacturer or sold by one wholesaler;

- (4) ***Gifts and Services to Retailers Prohibited.*** That the manufacturer or wholesaler gave an article or articles away of any value or use whatsoever, or provided any services for the use or benefit of any person holding a permit to sell controlled beverages at retail. It is specifically provided that the practice of pricing alcoholic beverages for a retail permit holder by a manufacturer or wholesaler is not considered a prohibited service under this Regulation.

In addition, the following practices are not prohibited gifts or services under this Regulation: manufacturers and wholesalers may provide point of sale advertising items and related services to retailers in conformity with current federal regulations as long as the furnished item does not constitute a real or secondary gift to the retailer receiving it; notwithstanding any other Regulation to the contrary, wholesalers may as a permitted service deliver product, provide keg-tapping and cooling equipment, delivery lines, and keg hook-up service to holders of temporary beer permits and temporary restaurant wine permits on any day such permits are in effect; wholesalers may provide keg-tapping and cooling equipment, delivery lines, and keg hook-up service to consumers at the request of and as a permitted service to retail permit holders in any area where the sale of alcoholic beverages is legal. ***Provided,*** a wholesaler may not deliver any alcoholic beverages to a consumer, and a wholesaler's employees may not be involved in any way with the dispensing of alcoholic beverages and serving such beverages to consumers.

A wholesaler may, without violating the provisions of these Regulations, and subject to approval by the Director on such form provided by the Agency, no less than five (5) working days prior to the qualified event, rent for fifty dollars (\$50.00) per tap and associated cooling equipment or fair market value, whichever is greater, cooling and keg-tapping equipment, keg hook-up service and delivery lines to a retail permit holder for a special purpose. These provisions shall apply only to events outside of the normal course of the retail permit holder's ordinary course of business, not to exceed ten (10) days in duration.

It is specifically provided that if a manufacturer or wholesaler provides any of the services for a retailer allowable under this Section, he must provide the same service upon request to any other retailer who purchases the product; (Amended 9-8-97)

- (5) ***Inducements Prohibited.*** That the manufacturer or wholesaler gave any inducement for sale to any person holding a permit to sell controlled beverages at retail, including but not limited to secret discounts, rebates, gifts or fictitious sales;

- (6) **Samples Prohibited.** That the manufacturer or wholesaler gave samples to any person, said samples being either in unbroken packages, partial packages or by the drink, except that a manufacturer or wholesaler may give a sample of distilled spirits, wine, or malt beverages to a retailer who has not previously purchased the brand from that manufacturer or wholesaler. No manufacturer or wholesaler may give to any retail outlet more than three (3) gallons of any brand of malt beverage, 750 ml of any brand of distilled spirits, or three (3) liters of any brand of wine.

Further, a wholesaler may provide retail package store owners or employees with a small sample of any brand of wine or liquor not previously purchased by such retail package store, with such sample not to exceed one (1) ounce per owner or employee. Such samples shall be poured from bottles owned by such wholesaler, brought into the retail package store by such wholesaler or its employees, and removed from the retail package store premises immediately after the conclusion of any such sampling activity. Any sampling conducted by a wholesaler in accordance with this Section shall not violate any other law or regulation prohibiting possession of an open container on the premises of a retail package store or violate any other law or regulation prohibiting an employee of a retail package store from drinking while on duty.

Sampling parties may not be given to retailers, consumers or prospective customers by manufacturers or wholesalers, except as permitted herein, without prior written approval of the Director under such restrictions or conditions as the Director may impose. Manufacturer or wholesaler may give controlled beverages to charitable or non-profit organizations for on premises consumption only at non-profit functions where such organization receiving the beverages does not hold a permit to dispense alcoholic beverages, and further, where such function is held in a "wet" area of the State. The donation of alcoholic beverages by manufacturers or wholesalers may not occur on a "permitted premises" of a permittee of this agency. **Provided**, that in permitted areas of large attendance facilities which are owned or operated by public entities, such as municipalities or divisions of a municipality or county, or in public areas of hotel mixed drink permitted establishments which are not primarily used for the sale and service of alcoholic beverages (e.g., convention halls, ballrooms), a donation may be made by a manufacturer or wholesaler if the permittee at the large attendance facility or hotel mixed drink permitted establishment indicates that they have no objections to the donation being made on their permitted property. Under such circumstances, beer manufacturers or wholesalers will also be permitted to provide keg-tapping equipment and hook-up service to such charitable or non-profit organizations at any such function; (Amended 8-15-01)

- (7) ***Employment of Unpermitted Sales Agents Prohibited.*** That the manufacturer or wholesaler knowingly employed a sales agent who did not have a permit for such manufacturer or wholesaler as required by this Title or who the manufacturer or wholesaler knew had violated any of these Regulations or any alcoholic beverage control law of the State of Arkansas;
- (8) ***Sale, Taking of Order or Solicitation of Business by Wholesale Liquor Dealers From Private Clubs.*** No holder of any wholesale liquor permit shall sell to, take any order or solicit any business, directly or indirectly, from a private club permittee;
- (9) ***Effect of Violation of Regulations or Law.*** That the manufacturer or wholesaler violated any of these Regulations or any alcoholic beverage control law of the State or Arkansas;
- (10) ***Wholesalers Furnishing Outside Signs to Retailers Governed by Federal Regulations.*** Notwithstanding the provisions of Section 2.28(4) of these Regulations, the Federal Regulations governing the furnishing of outside signs to retailers by wholesalers are hereby adopted by reference and incorporated herein; (Adopted 1-18-89)
- (11) ***Manufacturers Not to Engage in Price Fixing.*** No beer or malt liquor manufacturer or supplier shall take or fail to take any action that would cause any type of fixing of wholesale or retail prices in the state. This shall include engaging in the industry practice known as “reach-back pricing”. Suggestion of wholesale or retail prices will not be considered to be a violation of the permit; (Amended 7-19-95)
- (12) ***Wholesalers May Pay for Advertising Devices in Certain Retail Outlets.*** Wholesale beer permittees shall be allowed to pay for certain advertising devices used at government owned facilities which are issued a large attendance facility permit as long as the permitted facility is located in a county which has a population of more than one hundred fifty-five thousand (155,000) people according to the 2000 Decennial Census. Such advertising devices shall include items such as inside or outside signs, scoreboards, programs, scorecards, and the like. However, payment for the advertising devices cannot result in the formation or existence of an exclusive buying arrangement between the large attendance facility permittee and the wholesaler who furnishes such advertising items; (Adopted 8-15-07)
- (13) ***Advertising and Promotion Materials; Exception for Racing Facilities.*** As an exception to Section 2.28(4) of these Regulations, any manufacturer or wholesaler may pay for the display or other presentation of advertising and promotion

In addition, the applicant for the microbrewery-restaurant permit must show or declare in his application, to the standards set by the Director as part of the application process, that he has met or will be able to meet the standards for brewery operations as set forth in 27 CFR § 25.25 or other applicable Alcohol and Tobacco Tax and Trade Bureau regulations that may apply to the operation of a microbrewery-restaurant as created by the Arkansas General Assembly. The name of the host member, the name of the guest, and the date on which the guest is upon the premises must be entered in a guest book as defined in this Title, and maintained for such purposes on the club premises. ***Provided,*** that no person receiving a salary from the club or any other employee of the club during his or her working hours on such premises shall enter such person's name in the guest book or act as a host for any guest. However, maintenance of a guest book shall not be required of any club in which the member is assessed for the controlled beverages at the time of dispensing and is billed only on a subsequent date by mail. (Amended 8-17-05)

A private club may serve alcoholic beverages on a golf course on which the private club is located and which is controlled by the private club when the private club is hosting a professional golf tournament or other charitable golf tournament, either of which is sponsored by a charitable organization as described in §501(c)(3) of the Federal Internal Revenue Code and the Director has been notified by the private club at least sixty (60) calendar days prior to the beginning of the event. (Amended 8-17-05)

In addition, the financial statement must show a balance sheet of the club's assets and liabilities at the end of the immediately preceding calendar year and must show the following in regard to all salaries and wages paid during the preceding calendar year:

SUBTITLE E – PROHIBITED CONDUCT AND ACTIVITIES

Section 5.46 *Prohibited Conduct and Activities Under Private Club Permit.* In addition to the violation of or failure to comply with any of the Regulations under this Title and under Title 1 of these Regulations or with any alcoholic beverage control law of the State of Arkansas, a private club permit may be suspended or revoked for the violation or failure to comply with any Regulation under Title 3, Subtitle E in regard to Prohibited Conduct and Activities for retail permits.

Section 5.47 *Advertising the Availability of Alcoholic Beverages to the Public by a Private Club in a Dry Area.* Private clubs in any area of the state where the sale of alcoholic beverages is prohibited by law (“dry” area) are prohibited from using the advertising media, including any signs or trade names on the exterior of the club building, to promote the consumption, use or availability of alcoholic beverages within the club. The use of terms that connote the availability of alcoholic beverages, such as “happy hour”, or any other term or brand name that generally identifies any brand or mixture of alcoholic beverages, is included in this prohibition.

No permitted private club may use any term as part of its trade name that identifies the club as an outlet for alcoholic beverages. The use of terms such

as “lounge”, “saloon”, “tavern”, “bar”, “cantina”, or any other term that is generally associated with alcoholic beverage outlets, is prohibited.

No private club may advertise or use any part of the advertising media to announce social functions of general interest to the membership, entertainment, or other similar activities within the confines of the club property, without preceding such advertisement or announcement with the words “Notice to Members” or “Attention Members” prominently displayed, and the name of the club sponsoring such social activities. (Amended 8-20-03)

Section 5.48 Hours of Dispensing Alcoholic Beverages in Private Club; Class A Private Club Permit Defined; Class B Private Club Permit Defined; Imposition of More Restrictive Hours of Operation as a Sanction for a Violation; Prohibition Against Transfer of Class B Private Club Permit; and More Restrictive Hours of Operations by Local Governments. Private club permits which are classified as Class A private club permits as well as all new private club permits issued by the Alcoholic Beverage Control Division shall be allowed to dispense alcoholic beverages and to allow the possession and consumption of alcoholic beverages on the permitted premises beginning at 7:00 a.m. of a day and ending by 2:00 a.m. of the following day. No new private club permit shall be issued, nor any existing Class A private club permit changed, to allow the dispensing, consumption or possession of alcoholic beverages on the permitted premises from 2:00 a.m. until 7:00 a.m. daily.

Those permitted establishments which have received a Class B certificate from the Alcoholic Beverage Control Division classifying them as a Class B private club shall be allowed to dispense alcoholic beverages and to allow the possession and consumption of alcoholic beverages on the permitted premises between the hours of 10:00 a.m. of a day and ending by 5:00 a.m. of the following day. No transfer of location application shall be allowed on any Class B private club permit to move the permit to another county.

The Alcoholic Beverage Control Board recognizes that cities or counties may desire to impose more restrictive hours of operation on private club permittees within their jurisdiction than is provided for by the Class A or Class B private club permits. Further, it has never been the intention of the Alcoholic Beverage Control Board, by the passage of prior versions of Section 5.48 of the Alcoholic Beverage Control Regulations, formerly numbered Section 5.47, to preempt the authority of cities or counties in this regard that was granted to them in the case of *Tompos vs. City of Fayetteville*, decided in 1983. Cities and counties are recognized to be empowered to provide, by ordinance, hours of operation that are more restrictive in nature than provided for by the Class A or Class B permit structure issued by this agency. However, in accordance with ACA § 3-4-407, any violation of more restrictive hours of operation provided for by city or county ordinance will not be considered a violation against the permit issued by this agency.

The Director, or the Board on appeal, in their discretion, is empowered to impose more restrictive hours of operation as a sanction for violation of any alcoholic beverage control law or Regulation. If any member, guest, employee,

agent, or servant of the private club shall dispense, consume, or allow the possession of alcoholic beverages on the permitted premises during the prohibited hours, such action may result in a hearing against the permit and the levying of a fine and/or the suspension, revocation, or cancellation of the permit. (Amended 8-15-01)

Section 5.49 *Presence of Minors in Private Club.* No minors may be allowed on the permitted premises of a private club when alcoholic beverages are being served unless there is food service available from health department approved kitchen facilities on such premises where the food is prepared and being served. (Amended 8-20-03)

Sections 5.50 – 5.54 *Reserved*

SUBTITLE F – OPERATION OF PRIVATE CLUBS IN WET AREAS

Section 5.55 *Applicability of Other Regulations.* The Regulations under this Subtitle relate to the operation of private club permits which are located in wet areas; said operations being authorized by Act 1371 of 1999. The Regulations contained within this Subtitle should be regarded as being supplementary to the code provisions of the State of Arkansas regarding the matters covered by this Subtitle.

In addition to the Regulations found within this Subtitle, other Regulations applicable to private club permits under Title 5 will apply to operations of private club permits in wet areas, except to the extent excluded under this Subtitle. “Wet area” means any area of the state where the sale of alcoholic beverages is allowed by law. Also, other Regulations that pertain to the general operations of private club permits may be found under Title 1 and Title 3 of these Regulations. (Adopted 5-19-99)

No written membership application is required. No “guest” status (for the purpose of ordering a distilled spirits drink), as provided for private clubs in dry areas, is allowed. ***Provided,*** private clubs may elect, upon written notice to this agency, to operate the private club in accordance with the Regulations promulgated by this agency prior to the passage of Act 1371 of 1999. (Amended 8-17-05)

Section 5.57 *Service of Distilled Spirits Drink to Members Only – Violation.* No person in a private club in a wet area shall be served a distilled spirits drink or a beverage made from distilled spirits products unless that person shall be a member of the private club. the provisions of this Subtitle, or in the alternative, they must have their name legibly entered, by the permittee or their employee, into a well bound, business identified, membership book. If a person consuming a distilled spirits drink is not in possession of a valid membership card, or if the membership book does not reflect that they are a current member of the private club, then a violation will lie against the permit. (Adopted 5-19-99)

Section 5.58 *Membership Book Requirement for Private Clubs in Wet Areas.* The membership book for private clubs located in wet areas shall, at a minimum, reflect the member's name and the date upon which their annual membership became effective. Every membership card issued under the provisions of this Subtitle shall remain valid in accordance with the club's by-laws, unless otherwise revoked or cancelled by the private club in accordance with such by-laws or any applicable law or regulation of the State of Arkansas. (Amended 8-17-05)

Section 5.60 *Advertising Availability of Alcoholic Beverages to the Public by a Private Club in a "Wet" Area.* Private clubs in any wet area of the state are prohibited from using the advertising media to promote the consumption, use or availability of distilled spirits within the club. The use of terms which connote the availability of distilled spirits drinks, such as "Margarita Special", "Martinis", or any other term or brand name that generally identifies any brand or mixture of distilled spirits, is included in this prohibition. However, if an organization located in a wet area holding a private club permit also holds a retail beer and/or retail level wine permit, then said private club organization may advertise the availability of beer and/or wine for consumption on the private club premises. Further, the visual observation of the dispensing, service, or consumption of alcoholic beverages or alcoholic beverage signage within a private club located in a wet area does not constitute a violation of this Section. (Amended 8-20-03)

Section 5.61 *Private Club Permittee May Not Allow the Sale of Beer for Off Premises Consumption From the Private Club Premises on Sunday.* Under Act 1371 of 1999, any member of the public may enter the private club premises in a wet area for the purchase of food (if available) and beer or wine products if the private club has the required retail beer and retail wine permits. No private club holding a retail beer permit may allow the off premises sale of beer on a Sunday or after 10:00 p.m. Monday through Saturday. (Amended 8-17-05)

Section 5.64 Sale of Beer or Wine Without Requisite Permit – Violation. If a private club permittee in a wet area sells either beer or wine to the public without having the required retail beer or retail level wine permits, as the case may be, then a violation will lie against the private club permit issued by this agency. If a private club organization elects not to obtain a retail beer and/or retail level wine permit in order to serve beer or wine to the public, it can only dispense such beverages to members of the non-profit organization; said beer and/or wine being purchased from an authorized retail liquor store as provided in other Subtitles of this Title. In addition, those private clubs that are located in any area of the state where the sale of alcoholic beverages is allowed by law (“wet” area) that assess minimum monthly dues of fifty dollars (\$50.00) may assess such members for the cost of controlled beverages at the time of dispensing of the alcoholic beverages and then bill that member only on a subsequent date by mail. TITLE 6

REGULATIONS OF GENERAL APPLICABILITY

Section 6.1 *Establishment of Special ABC Fund.* In order to maintain adequate funding within the Alcoholic Beverage Control Division to provide for all necessary copying and miscellaneous legal costs, and to ensure the maintenance of regulation books in sufficient quantities within existing budgetary constraints, it is necessary that a fee be charged for regulation books. Further, it is necessary that an Alcoholic Beverage Control Fund be established into which the fee charged for the books will be deposited. These revenues may be used for the purpose of printing additional books, official publications, documents, pleadings, or postage costs, as well as for paying any necessary filing fees or costs on any court appeals filed by the Alcoholic Beverage Control Division.

Therefore, a fee of ten dollars (\$10.00) shall be charged for each regulation book, and such revenues shall be deposited in the Special Alcoholic Beverage Control Fund, to be established pursuant to this Regulation, and shall be used for the purposes stated hereinabove, as such payment is deemed necessary and proper by the Director. Any other miscellaneous fees or receipts may also be deposited in the Special Alcoholic Beverage Control Fund and used as herein provided, as may be subsequently authorized by the General Assembly of Arkansas. (Adopted 1-18-84)

Section 6.2 *Tasting Rooms Authorized on Premises of Any Licensed Winery, Brewery, Distillery and Rectifying Plant; Restrictions.* As a further exception to the prohibitions contained in Section 2.28(6) of these Regulations, any winery, brewery, distillery or rectifying plant operating within the State of Arkansas and licensed by the Alcoholic Beverage Control Division is authorized to maintain a tasting room on their licensed premises where samples of their products can be given to persons touring such facilities, subject to the following restrictions: such samples may not be given to any person at any time when the retail sale of such beverages is prohibited by state law; samples may not be given to any person who is a minor, who is intoxicated or to anyone who would otherwise be disqualified from purchasing alcoholic beverages under state code provisions or these Regulations; not more than two (2) samples of a product may be given to each person; the size of spirituous or wine samples shall not exceed 200 ml and the size of malt beverage samples shall not exceed 12 (twelve) ounces. (Adopted 2-20-85)

Section 6.3 *Description of the Alcoholic Beverage Control Division and Its Methods of Operation.* Pursuant to the provisions of the Arkansas Administrative Procedure Act, the Alcoholic Beverage Control Division hereby adopts as a rule the following description of its organization as required by said law: the Alcoholic Beverage Control Division is composed of a five (5) member Board, a Director, and staff employees. The Director is the person who is in

charge of the daily operations of the Alcoholic Beverage Control Division and is also the person who is statutorily responsible for making the initial decision on whether or not an application for a permit is granted or denied; the Director is the person who also makes the initial decision on any subsequent action taken against a permit for violation of alcoholic beverage control laws and Regulations. The five (5) member Board acts as an appeal body from decisions made by the Director. The Alcoholic Beverage Control Division receives and acts upon applications for permits as authorized by law and Regulations. Once an application has been accepted, the Alcoholic Beverage Control Enforcement Division conducts a background investigation of the applicant seeking the permit, as well as an inspection of the location where the permit is sought. When this information has been returned to the Administration Division, and other statutory time periods are satisfied, an initial decision is made by the Director. This decision can be appealed to the five (5) member Board, which can be appealed in turn to the circuit courts of the State of Arkansas under the provisions of the Arkansas Administrative Procedure Act.

The rules of practice of the Alcoholic Beverage Control Division are set forth by code provisions and by Regulation, copies of which are available for inspection at the offices of the Alcoholic Beverage Control Administration. On an informal basis, without benefit of a hearing, persons may make inquiry of the Director as to the legality of certain operations which may be conducted on or around permitted premises. Application instruction sheets for each type of permit issued by the Alcoholic Beverage Control Division are available for public inspection and use at the offices of the Alcoholic Beverage Control Division, and persons wishing to seek information or make submissions or requests may address their correspondence to the Alcoholic Beverage Control Division.

All orders, decisions, and opinions adopted by the Alcoholic Beverage Control Division and the Board are available for public inspection in conformance with the Administrative Procedure Act. Files of permitted outlets are available for review by the public in the offices of the Alcoholic Beverage Control Division as well.

When a permit is issued, the permit may be disciplined according to various code provisions contained in the Acts of the General Assembly of the State of Arkansas and Regulations adopted by the Board. Discipline of a permit can include, but is not limited to, administrative sanctions of revocation, cancellation, suspension, levying of a monetary fine, the imposition of more restrictive hours of operation, placement of a warning letter in the file, or an order of reprimand. Any person aggrieved by a decision of the Director and who has legal standing to do so may appeal a decision to the Board, which is heard on a de novo basis.

Permits are renewable as provided by law on an annual basis, with a late penalty statutorily imposed for renewals tendered after the expiration of the previously issued permit. No permit may be renewed after the 28th day of October of the calendar year following when the permit expired. All permits not renewed by that date are automatically cancelled, pursuant to code provisions. (Amended 8-20-97)

Section 6.4 Procedure for Adoption of Rules and Regulations. Pursuant to powers granted by the General Assembly of the State of Arkansas, the Alcoholic Beverage Control Division may adopt or review rules and regulations which govern the alcohol distribution business in the State of Arkansas. The Alcoholic Beverage Control Board shall meet to consider the adoption of proposed regulations every two (2) years within one hundred twenty (120) days of adjournment sine die of the Arkansas General Assembly. All interested parties may submit proposed regulations with this Agency for the Director's consideration within thirty (30) days of adjournment sine die of the Arkansas General Assembly. The Director shall review all such proposed regulations and thereupon determine which, if any, are to be submitted to the Alcoholic Beverage Control Board for adoption pursuant to notice and public hearing.

Prior to the adoption of any Alcoholic Beverage Control Division rules or regulations, a notice shall be placed in a newspaper which has general statewide circulation. The legal notice requirements will be fulfilled by the publication of a notice of a public hearing in such newspaper at least thirty (30) days prior to the date set for the public hearing.

At the public hearing, individuals who are interested in any rule or regulation that is proposed will be allowed to present either oral testimony or submit written comments for consideration by the Board as part of the rule-making process. Rules adopted by the Board shall be filed with the Legislative Council of the General Assembly, the Secretary of State, the Office of the Governor and the Arkansas State Library in conformance with the applicable provisions of the Administrative Procedure Act. (Amended 8-20-97)

Section 6.5 The Arkansas Responsible Permittee Program. The Alcoholic Beverage Control Board shall oversee a server training program designed to encourage permittees and their employees to treat the sale and service of alcoholic beverages in a responsible manner. The program shall be entitled "The Responsible Permittee Program".

A permittee who seeks to qualify under the Responsible Permittee Program must provide to the Board evidence of compliance with the requirements of this Regulation. Upon satisfactory proof that the permittee or his employees have complied with the requirements, the Board shall certify the permittee under the Responsible Permittee Program. Certification as a responsible permittee shall be renewed annually. The Board may revoke or suspend a permittee's certification for non-compliance with this Regulation.

In order to qualify for certification, the permittee shall comply with the following requirements:

- (1) Attend a course of instruction approved and certified by the Board which shall include subjects dealing with alcoholic beverages as follows:
 - A. Education on the dangers of drinking and driving;

- B. State laws regarding the sale of alcoholic beverages for on premises consumption or for off premises consumption, or both;
 - C. Methods of recognizing and dealing with underage customers;
 - D. The development of specific procedures for refusing to sell alcoholic beverages to underage customers; for assisting employees in dealing with underage customers; for dealing with intoxicated customers; and
 - E. Such other matters as may be deemed appropriate and approved by the Alcoholic Beverage Control Board.
- (2) Require each employee who is authorized to sell alcoholic beverages in the normal course of his or her employment to complete the responsible permittee training course set out in Subsection (1) of this Section within thirty (30) days of commencing employment; and
 - (3) Maintain employment records of the training of its employees required by this Section.

The Board shall consider certification of a permittee in the Responsible Permittee Program in mitigation of administrative penalties or fines for a permittee's or employee's violation of state laws and Regulations relating to the sale of alcoholic beverages.

There is imposed on each permittee and each employee who applies for certification under this program a maximum attendance fee of twenty-five dollars (\$25.00). All monies collected under this Regulation shall be payable directly to the program provider and shall be used to fund such server training programs as may be approved by the Alcoholic Beverage Control Board. Neither permittees nor employees attending such approved programs shall be charged any additional fee by the program provider.

Any applicant seeking to become a program provider under the Responsible Permittee Program must submit to the Alcoholic Beverage Control Board a course curriculum that shows how the applicant meets the requirements of Section 6.5(1) of these Regulations. The Alcoholic Beverage Control Board will send the applicant written notification of certification approval or denial.

A list of the program providers approved by the Alcoholic Beverage Control Board under the Responsible Permittee program shall be maintained by the Alcoholic Beverage Control Division and made available upon request by any permittee. (Adopted 8-19-93)

Section 6.6 *Small Farm Wineries and Liquor Wholesalers May be Authorized to Distribute Free Wine Samples in Any Area of the State.* Any

small farm winery or Arkansas liquor wholesaler licensed by the Alcoholic Beverage Control Division may petition the Alcoholic Beverage Control Division for permission to conduct a wine tasting event for educational and promotional purposes in any area of the State, including areas in which the retail sale of alcoholic beverages is not authorized by law.

Application for permission to distribute wine samples must be received by the Alcoholic Beverage Control Division at least three (3) weeks prior to the event. Written notice of the application shall be mailed by the Alcoholic Beverage Control Division to the law enforcement officer who has primary jurisdiction over the site where the event will be held. If the Director finds that circumstances exist which precluded the timely filing of the application with the Alcoholic Beverage Control Division, written approval of the event by the law enforcement officer having primary jurisdiction over the site of the event must accompany any such late filed application received by the Alcoholic Beverage Control Division.

The request must be submitted with authorization from the landowner or the party exercising legal control over the area where the event will be held. The application for permission must describe the area where the event will be held, including the size and dimensions of the area, and the request must clearly describe the character of the location. No wine tasting event shall be held in any facility already licensed by the Alcoholic Beverage Control Division.

As used in this Regulation wine means any product made from grapes, fruits, berries, or other similar products which contains more than one-half of one percent (0.5%) alcohol by weight but which does not contain more than fourteen percent (14%) alcohol by weight, regardless of the location of the manufacturer. Samples may be distributed Monday through Friday between the hours of 7:00 a.m. and 1:00 a.m. of the next day. On a Saturday, samples may be distributed only between the hours of 7:00 a.m. and 12:00 midnight. No sampling activity may take place on a Sunday unless the event is taking place in an area which has voted for the sale of liquor by the drink on a Sunday and, in such event, samples may be distributed between the hours of 12:00 noon and 10:00 p.m., or such lesser period of time as may be provided by local ordinance for the retail sale of alcoholic beverages on a Sunday.

Any action by the Director in granting or denying such application is appealable to the Alcoholic Beverage Control Board pursuant to Section 1.51 of these Regulations, provided that such action on the part of the Director shall be effective immediately without the requirement of such action being ratified by the Alcoholic Beverage Control Board at the next Board meeting.

An Arkansas Native Brewery, as defined in Act 1805 of 2003, is authorized to seek permission from the Alcoholic Beverage Control Division for permission to conduct a beer tasting event for educational and promotional purposes in any wet area of the state.

Application for permission to distribute beer samples must be received by the Alcoholic Beverage Control Division at least three (3) weeks prior to the event. Written notice of the application shall be mailed by the Alcoholic Beverage Control Division to the law enforcement officer who has primary jurisdiction over the site where the event will be held. If the Director finds that circumstances exist which precluded the timely filing of the application with the Alcoholic Beverage Control Division, written approval of the event by the law enforcement officer having primary jurisdiction over the site of the event must accompany any such late filed application received by the Alcoholic Beverage Control Division.

The request must be submitted with authorization from the land owner or the party exercising legal control over the area where the event will be held. The application for permission must describe the area where the event will be held including the size and dimensions of the area and the request must clearly describe the character of the location. Beer tasting events conducted by Arkansas native brewer permittees may be held in any facility in any wet area of the state permitted by the Alcoholic Beverage Control Division if written notice is given to the Alcoholic Beverage Control Division as previously described.

The criminal penalties for drinking in public as prohibited by ACA § 5-71-212 are not applicable to any beer and malt beverage tasting event approved by the Alcoholic Beverage Control Division under Act 1805 of 2003.

As used in this Regulation, beer or malt means any malt beverage product manufactured by an Arkansas native brewer permittee. Samples may be distributed Monday through Friday between the hours of 7:00 a.m. and 1:00 a.m. the next day. On a Saturday, samples may be distributed only between the hours of 7:00 a.m. and 12:00 midnight. No sampling activity may take place on a Sunday unless the event is taking place in an area which has voted for the sale of liquor by the drink on a Sunday and, in such event, samples may be distributed between the hours of 12:00 noon and 10:00 p.m. or such lesser period of time as may be provided by local ordinance for the retail sale of alcoholic beverages on a Sunday.

Any action by the Director in granting or denying such application is appealable to the Alcoholic Beverage Control Board pursuant to Section 1.51 of these Regulations, provided that such action on the part of the Director shall be effective immediately without the requirement of such action being ratified by the Alcoholic Beverage Control Board at the next Board meeting.
